

BEING THE

BEST WE

CAN BE

Stokesley School
& Sixth Form College

Being the best we can be

Science

How can you help your child in Science?

Tassomai (www.tassomai.com)

- Encourage completion of their “Daily Goal” *at least* 5 times a week
- There will be an opportunity to sign up for weekly usage reports

Revision guides, workbook and timetable

- Purchase from school on Parentpay (Higher or Foundation)
- Encourage pupils to highlight key points and then make brief notes on these to then make flash cards/mind maps with. Consolidate with workbook questions
- Encourage pupils to plan their revision topic by topic and stick to it

Google Classroom solely for Science Revision Resources

- All students have been invited to a google classroom called “Year 11 Science Revision 20-21”
- This contains structured revision schedules to help students to use their time effectively
- As the year progresses, we will release many other resources to help students with their revision

Videos

- Search youtube using a key word relating to the topic and the words **aqa** and **gcse**. There are lots of good, short videos which can help with explanations
- We will upload links onto the revision classroom in the coming months

Flash cards/mind maps

- These should be easy to read summaries of content taking no more than an hour to make a whole set of cards/mind map on a topic

Specification and specimen papers

- Go to AQA GCSE website and select the correct specification

Note: *Biology (8461), Chemistry (8462) and Physics (8463) and Combined Science Trilogy (8464)*

- Specification can be used as an overview of what is needed
- Attempt questions from specimen papers (Higher or Foundation)
- We encourage writing in bulleted sentences to improve exam technique, aim to include a keyword in every sentence. 1 sentence/keyword = 1 mark = 1 minute
- Support your child by marking it with them, the answers should match the mark scheme

Kerboodle (www.kerboodle.com)

- This is an online resource which has lots of interactive activities and resources
- Also has an online copy of all of the textbooks for Science GCSEs

Username (+ password on first log in): school username for both e.g. 15smithj **Institution Code:** awp5

Support in school

- Applications of Science exam technique development - sessions during lesson time
- Key Ideas revision sessions at grade 4/5 and grades 7-9 - dates tbc
- HIIT revision sessions (30-minute high intensity revision sessions) - during lesson time
