

7th October 2021

Dear parent / carer

On Wednesday 13th October, year 7 will be taking part in an exciting enrichment activity through the LIFE curriculum.

During period 4, students will not attend their normal timetabled lessons but will instead attend a performance and workshop by upcoming singer Brandon Hunt. The session will start off with a performance, followed by a PSHE talk about mental health and body image, then a Q and A and finally an opportunity for students to meet the artist and get a signed photograph / flyer should they wish.

I'm sure you'll agree with me that this is not only a really exciting opportunity for our year 7 students, but also a great opportunity to have someone other than a teacher talking to them about real world issues.

I have also been asked to let you know that Brandon will be selling pens for £1 and t-shirts for £7.50. There is absolutely no obligation for any students to buy these, but if you would like to send your child in with the money then you're more than welcome.

Please do let me know if you have any questions about this event and all that I ask of you is that you talk to your child about their experience once they get home on Wednesday evening to extend the conversations and excitement beyond the school grounds!

Kind regards

Mrs L Fox
Lead Practitioner
