

Stokesley School and Sixth Form Alumni

Name:

Faye Sedgewick

Attended Stokesley School & Sixth Form from:

2004 - 2011

Went on to:

Northumbria University to study Bachelor and Masters of Architecture and a Doctor of Philosophy in Architecture

Current role/s:

Architectural Designer, PhD Researcher, Associate Lecturer

The best part of my job is:

Everyday I get to design, creatively think and make things to solve meaningful problems with housing design.

Advice to current Stokesley students:

Being different is good. Thinking differently is good. Endeavour to be resilient, determined and willing to work hard. As a dyslexic, I've realised the strengths of embracing my differences.
