

# Stokesley School and Sixth Form Alumni

*Name:*

*Francesca Ware*

*Attended Stokesley School & Sixth Form from:*

*2006 - 2011*

*Went on to:*

*Myerscough College in Preston to study Equine Veterinary Nursing after taking some time out of education and working whilst I decided which career path to choose.*

*Current role/s:*

*Registered Equine Veterinary Nurse at Hambleton Equine Clinic*

*The best part of my job is:*

*I love that I get to work with some fantastic horses and clients in a busy hospital where two days are never the same. I thoroughly enjoy working with specialist equipment such as the overground scope which allows me to work with racehorses. Watching racehorses exercising out on the gallops is breathtaking. I am wanting to specialise in diagnostic imaging and I have recently completed an MRI operating course so I can carry out standing MRI's on equine patients.*

*Advice to current Stokesley students:*

*Work hard, ask for help and don't give up! Your grades can help you no matter what stage of life you find your dream job.*
