

Stokesley School and Sixth Form Alumni

Name:

Isobelle Brown

Attended Stokesley School & Sixth Form from:

2007 - 2014

Went on to:

University of Leeds

Current role/s:

Midwife at James Cook University Hospital

The best part of my job is:

Working on the Central Delivery Suite, looking after women and their families at such a special time of their lives to bring new babies into the world.

Advice to current Stokesley students:

Push for what you want and you will achieve it! Ask for advice and help from teachers and if you know what career path you would like to take, strive to do extra curricular activities that are focused around that area.
