## British Youth Parliament

---

**Congratulations to Ted Hemsworth in Year 10 who has been voted in as the representative for North Yorkshire in the British Youth Parliament!**

Ted completed an application form, followed by a written manifesto and attended a days conference in the February half term in Harrogate. He has dedicated a number of his evenings to online meetings and training, which has led to Ted receiving the highest number of votes out of 4000 and becoming a member of the Youth Parliament!

Ted will be working to promote his policies and attending further conferences that he will chair during the upcoming Easter Holidays, whilst keeping up with his school studies. Ted has also spoken with his friends and the local community to try and set up a Stokesley Youth council.

We look forward to hearing more about Ted's journey in this exciting field.
