

26th November 2024

Dear Parents / Carers

We are excited to invite you and your child in year 8 to a special **Family Stargazing Night** hosted by Stokesley School and supported by the Ogden Trust. This event is a wonderful opportunity for students, parents, and teachers to come together under the night sky and explore the wonders of our universe.

Event Details:

- **Date:** Tuesday 10th December
- **Time:** 4.30-7pm
- **Location:** Stokesley School Main Hall

Join us as we observe the moon through telescopes and binoculars (weather dependent) guided by our knowledgeable science teachers.

In addition to stargazing, we will have interactive astronomy activities including a planetarium show courtesy of Durham University, refreshments, and a brief presentation on our Solar System. We encourage you to wrap up warm and bring all your questions about space.

This experience aims to inspire curiosity, foster a love for science, and create lasting memories for families.

Please purchase tickets for you and your child, priced at £2.50 per ticket, via [Ticket Source](#) or scan the QR code below:

We look forward to a magical evening of exploration and discovery with you.

Yours faithfully

Mrs Hope
Head of Physics & Ogden Trust Coordinator
